

Pico Rivera residents who qualify for CARE, FERA or Medical Baseline rates can also choose the electric company and plan that best meets their family's needs. Pico Rivera Innovative Municipal Energy (PRIME) and Southern California Edison (SCE) encourage you to compare your choices and pick what's best for you.

For more information, please contact SCE at 800-655-4555 and PRIME at 800-467-7463.

Monthly Usage: 533 kWh

Rates are current as of January 1, 2020.

*This comparison illustrates the estimated electricity costs for a typical Schedule D-CARE residential customer within the City of Pico Rivera with an average monthly consumption of 533 kilowatt-hours (kWh). This is based on SCE's 2019 climate zone data within SCE's service territory and published rates as of January 1, 2020.

Generation Rate reflects the cost of producing or purchasing electricity to power your home. This rate will vary depending on your service provider and rate plan.

SCE Delivery Rate is a charge assessed by SCE to deliver electricity to your home. This rate depends on usage.

Surcharges represents the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers and SCE customers that elect a Green Rate. The CRS is a surcharge to recover costs associated with power purchases made on behalf of customers prior to a customer's switch to a CCA or SCE Green Rate. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.

Electric Generation Rates (Price (\$) per kWh)

Electric Power Generation Mix*

Specific Purchases	SCE			PRIME	
	SCE	SCE Green 50% Renewable	SCE Green 100% Renewable	PRIME Power	PRIME Future
